

Training, education, work, friendship & fun Helping people achieve their goals

Who are Red2Green?

- **A local Cambridgeshire charity**—every year we provide personalised learning, development and social opportunities for 300 people across Cambridgeshire and the surrounding area. We work with young people and adults with learning disabilities, on the autistic spectrum or living with mental ill health to help them achieve their goals.
- **An integral part of our local community** working alongside our local schools, businesses, voluntary and community groups, such as at the Swaffham Bulbeck Street Market.
- **Very successful at funding additional projects to enhance the client experience.** For example, in 2017 as part of our Heritage Lottery funded Crafty Sow and Sews project, we learnt about, then shared with the community, the skills our grandparents took for granted. This involved all our clients working with our local primary and secondary schools as well as local residents to look at traditional crafts such as growing our own food, bread making, knitting and playground games.
- **An organisation which has leveraged an additional £1.3m into the county** in external grants, to support service provision, employment and community engagement and cohesion over the last 10 years.

Turning the **red lights** to **green** for, and with, disabled and vulnerable people

What do we do?

We offer innovative and personalised opportunities in a safe environment

- Our modern barn conversion in Swaffham Bulbeck is a relaxed informal base.
- Because of our unique location, we frequently go outside to make the most of the local area and are an integral part of our local community.
- Our activities are stimulating and excellent value for money. We are flexible so learners can come from anything from a half day to a full week to suit funding and budgets.
- We can provide additional one-to-one support.
- Our own transport service can be a useful next step to helping people live more independently but with the added reassurance of a known escort.

Our services include:

Options for people with learning disabilities with a wide range ability levels and support needs

Aspirations for anyone over 16 years with autism spectrum conditions, such as Asperger Syndrome and high functioning autism

Advance supporting people with disabilities in Cambridgeshire to look for volunteering or work opportunities

Support a support, planning and signposting service to help you, and to build on your improved mental health in East Cambridgeshire, Ely & Soham.
